

Striving to thrive in a dynamic work setting, making impactful contributions to propel organizational growth, specializing in Full Stack Development, Data Analytics, and Python Development.

## Education

- 2023  
**MCA**  
Sir M Visvesvaraya Institute of Technology, Bengaluru
- 2021  
**B.Sc. (Computer Science)**  
Govt. First Grade College, Ranebennur
- 2018  
**PUC**  
JSS SM INDP SC PU College, Vidyagiri, Dharwad

## Core Competencies

- Software Development Lifecycle
- Requirement Gathering & Analysis
- Data & Statistical Analysis
- Data Visualization
- Testing & Debugging
- User Interface Optimization
- Quality Assurance
- Performance Optimization
- Data Mining

## Technical Skills

- HTML
- CSS
- MERN Stack (MongoDB, Express, React and Node.js)
- NumPy
- Seaborn
- Matplotlib
- Python
- Pandas
- SQL

## Profile Summary

- Mastering the **creation of engaging web interfaces** to enhance user experience and drive online engagement complemented by a recent completion of **Full- Stack Web Development course** from Internshala.
- Excelled in Full-Stack Web Development**, focusing on MERN (MongoDB, Express.js, React.js, Node.js), showcasing proficiency in both front-end and back-end technologies to deliver comprehensive and dynamic web solutions.
- Keen analyst with **efficiency in gathering and understanding requirements**, followed by translation into functional specifications as well as provisioning of suitable Data Analytics solutions.
- Proficient in conducting **in-depth data analysis to identify trends, patterns**, and insights crucial for driving strategic decision-making.
- Problem solver with a passion for technology**, skilled in conceptualizing, developing, implementing solutions & partnering closely with stakeholders.
- Effective communicator & negotiator** with strong analytical, problem solving & organizational abilities.

## Professional Certifications

- Obtained Graduation certification for Full Stack Web Development from Internshala.
- Accomplished Internship and Job Preparation Training certification from Internshala.
- Certified in Google Data Analytics from Google via Coursera.
- Completed a Python Programming Masterclass from beginner to advanced levels on Udemy.
- Completed Python Essentials I & II, a certification program offered by Cisco.
- Accomplished Python Certificate in SDP.

## Projects

- Full Stack Twitter Clone**  
**Tech Stack: ReactJS, Tailwind CSS, NodeJS, Express, MongoDB, JWT**  
**Project Description:** Implemented a full-stack Twitter Clone featuring secure user registration and JWT authentication, tweeting functionality with post, like, and delete options, and user interaction through following and profile updates. Real-time notifications and responsive design with Tailwind CSS ensure a seamless user experience. Future improvements include real-time updates with Web Sockets and enhanced security.
- JavaScript and Bootstrap Positioning Scenario Generator and Tracker:** Developed a dynamic tool utilizing JavaScript and Bootstrap to generate and track positioning scenarios, enhancing user experience and efficiency in scenario management.
- Bootstrap, HTML, and CSS-powered Advi Chatbot:** Created an interactive Chatbot interface leveraging Bootstrap, HTML, and CSS to offer personalized advice and assistance, enhancing user engagement and satisfaction through intuitive design and functionality.

## Personal Details

**Date of Birth** : 11<sup>th</sup> April 2001  
**Languages Known** : Kannada, English, Hindi & Telugu  
**Address** : Eshwar Nagar Ranebennur
